28 percent of these amounts must be used to increase the number of people  
29 receiving residential, employment, family support, or other direct  
30 services; (ii) the services and supports must be designed and  
31 implemented such that the cost of continuing them in the 2001-03  
32 biennium does not exceed \$19.2 million, of which no more than \$9.3  
33 million is from state funds; and (iii) strong consideration shall be  
34 given to the need for increased wages for direct care workers in  
35 contracted residential programs.

36 (c) \$413,000 of the general fund--state appropriation for fiscal  
37 year 2000, \$1,172,000 of the general fund--state appropriation for  
38 fiscal year 2001, and \$694,000 of the general fund--federal  
39 appropriation are provided solely for employment, or other day

1 activities and training programs, for young people who complete their  
2 high school curriculum in 1999 or 2000.

3 (d) ~~\$1,919,000 of the general fund--state appropriation for fiscal~~  
4 ~~year 2000, ((\$2,892,000 of the general fund--state appropriation for~~

10 ~~act to assure that the average number of persons with developmental~~  
11 ~~disabilities in the state hospitals does not exceed sixty six per day~~

15 ~~disabilities program shall transfer \$285 of the general fund--state~~  
16 ~~appropriation to the mental health program for each bed day by which~~  
17 ~~these quarterly targets are exceeded.)) \$6,673,000 of the general~~  
18 fund--state appropriation for fiscal year 2001, and \$7,361,000 of the  
19 general fund--federal appropriation are provided solely to improve  
20 services for persons with developmental disabilities who would  
21 otherwise be at risk of needing involuntary commitment to or prolonged  
22 treatment at state psychiatric hospitals. The department shall use  
23 these funds to enhance the community crisis response system managed by  
24 regional support networks, improve crisis prevention and stabilization  
25 services through the developmental disabilities community services  
26 system, and expand community residential capacity for persons with  
27 developmental disabilities who are ready for discharge from state  
28 psychiatric hospitals. Funding for community residential capacity is  
29 sufficient to move a biennium total of 48 patients out of the state  
30 hospitals at a reasonable pace by June 30, 2001. The department shall  
31 manage the intensity of services provided so that the average cost per  
32 day does not exceed \$300 per person placed in this expanded community  
33 residential capacity. The department shall report to the appropriate  
34 committees of the legislature progress towards implementing this  
35 subsection after each calendar quarter. The legislature finds that, in  
36 addition to the appropriations in this subsection for improvements in  
37 services to persons with developmental disabilities who are committed  
38 to the custody of the secretary under chapter 71.05 RCW, it is  
39 necessary to study long-term treatment alternatives and their legal,

1 fiscal, and policy implications. Therefore, the department shall  
2 provide a report to the ways and means committee of the senate and the  
3 appropriations committee of the house of representatives by December 1,  
4 2000, containing options and recommendations for secure treatment  
5 programs. The report shall identify various treatment models that  
6 could be implemented and various types and locations of secure  
7 facilities, both state-owned and leased, in which programs could be  
8 sited, together with the department's recommendations. The report  
9 shall evaluate the potential for siting such programs on the grounds of  
10 existing state residential habilitation centers. The report shall also  
11 include analysis of advantages and disadvantages associated with  
12 contracting for some or all of the new program options identified. The  
13 report shall evaluate the options based on short-term and long-term  
14 costs, client and community security, efficiency of coordination with  
15 other service delivery systems, and how they address specific legal  
16 issues. In developing this report, the department shall invite  
17 participation by representatives of the Washington protection and  
18 advocacy system (WPAS), and shall include in the report WPAS' position  
19 on options and recommendations submitted by the department and any  
20 additional recommendations made by WPAS. The legislature recognizes a  
21 need to improve long-term services provided to individuals with  
22 developmental disabilities who are undergoing involuntary treatment  
23 under chapter 71.05 RCW. The legislature is committed to providing  
24 resources necessary to address issues in the U.S. District Court case  
25 of *Allen v. Western State Hospital*.

29 appropriation are provided to develop and operate secure residential  
30 and day program placements for persons who seem likely to pose a  
31 significant risk to the public safety if their current residential  
32 arrangement were to continue.

33 (f) \$209,000 of the general fund--state appropriation for fiscal  
34 year 2000, \$664,000 of the general fund--state appropriation for fiscal  
35 year 2001, and \$939,000 of the general fund--federal appropriation are  
36 provided to increase wages as required by Initiative No. 688 (state

1 (g) \$1,978,000 of the general fund--state appropriation for fiscal  
 2 year 2000, \$4,475,000 of the general fund--state appropriation for  
 3 fiscal year 2001, and \$6,989,000 of the general fund--federal  
 4 appropriation are provided solely to increase compensation for  
 5 individual and agency home care workers. Payments to individual  
 6 providers are to be increased from \$6.18 per hour to \$6.68 per hour on  
 7 July 1, 1999, and to \$7.18 per hour on July 1, 2000. Payments to  
 8 agency providers are to be increased to \$11.97 per hour on July 1,  
 9 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per  
 10 hour of the July 1, 1999, increase to agency providers, and all but 15  
 11 cents per hour of the additional July 1, 2000, increase is to be used  
 12 to increase wages for direct care workers. The appropriations in this  
 13 subsection also include the funds needed for the employer share of  
 14 unemployment and social security taxes on the amount of the increase.

15 (h) Within amounts appropriated in this subsection, the  
 16 developmental disabilities program shall contract for a pilot program  
 17 to test an alternative service delivery model for persons with autism.  
 18 The department must use a competitive process to determine the site of  
 19 the pilot. The pilot program must be time-limited and subject to an  
 20 evaluation of client outcomes to determine the effectiveness and  
 21 efficiency of the pilot program compared to the standard service model  
 22 for persons with autism.

23 (i) \$500,000 of the general fund--state appropriation for fiscal  
 24 year 2001 and \$160,000 of the general fund--federal appropriation are

7 These rates include vendor rate increases, but exclude nurse's aide

26        The appropriations in this section are subject to the following  
27 conditions and limitations:

28        (1) ((~~\$308,504,000~~)) \$284,083,000 of the general fund--state

30 the general fund--state appropriation for fiscal year 2001,  
31 ((~~\$1,133,782,000~~)) \$1,140,342,000 of the general fund--federal  
32 appropriation, and ((~~\$28,402,000~~)) \$28,371,000 of the general fund--  
33 local appropriation are provided solely for the WorkFirst program and  
34 child support operations. WorkFirst expenditures include TANF grants,  
35 diversion services, subsidized child care, employment and training,  
36 other WorkFirst related services, allocated field services operating  
37 costs, and allocated economic services program administrative costs.  
38 Within the amounts provided in this subsection, the department shall:

1 (a) Continue to implement WorkFirst program improvements that are  
2 designed to achieve progress against outcome measures specified in RCW  
3 74.08A.410. Valid outcome measures of job retention and wage  
4 progression shall be developed and reported quarterly to appropriate  
5 fiscal and policy committees of the legislature for families who leave  
6 assistance, measured after 12 months, 24 months, and 36 months. An  
7 increased attention to job retention and wage progression is necessary  
8 to emphasize the legislature's goal that the WorkFirst program succeed  
9 in helping recipients gain long-term economic independence and not  
10 cycle on and off public assistance. The wage progression measure shall  
11 report the median percentage increase in quarterly earnings and hourly  
12 wage after 12 months, 24 months, and 36 months. The wage progression  
13 report shall also report the percent with earnings above one hundred  
14 percent and two hundred percent of the federal poverty level. The  
15 report shall compare former WorkFirst participants with similar workers  
16 who did not participate in WorkFirst. The department shall also report  
17 percentage of families who have returned to temporary assistance for  
18 needy families after 12 months, 24 months, and 36 months.

19 (b) Develop informational materials that educate families about the  
20 difference between cash assistance and work support benefits. These  
21 materials must explain, among other facts, that the benefits are  
22 designed to support their employment, that there are no time limits on  
23 the receipts of work support benefits, and that immigration or  
24 residency status will not be affected by the receipt of benefits.  
25 These materials shall be posted in all community service offices and  
26 distributed to families. Materials must be available in multiple  
27 languages. When a family leaves the temporary assistance for needy  
28 families program, receives cash diversion assistance, or withdraws a  
29 temporary assistance for needy families application, the department of  
30 social and health services shall educate them about the difference  
31 between cash assistance and work support benefits and offering them the  
32 opportunity to begin or to continue receiving work support benefits, so  
33 long as they are eligible. The department shall provide this  
34 information through in-person interviews, over the telephone, and/or  
35 through the mail. Work support benefits include food stamps, medicaid  
36 for all family members, medicaid or state children's health insurance  
37 program for children, and child care assistance. The department shall  
38 report annually to the legislature the number of families who have had  
39 exit interviews, been reached successfully by phone, and sent mail.

1 The report shall also include the percentage of families who elect to  
2 continue each of the benefits and the percentage found ineligible by  
3 each substantive reason code. A substantive reason code shall not be  
4 "other." The report shall identify barriers to informing families  
5 about work support benefits and describe existing and future actions to  
6 overcome such barriers.

7 (c) Provide \$500,000 from the general fund--state appropriation for  
8 fiscal year 2000 and \$500,000 from the general fund--state  
9 appropriation for fiscal year 2001 for continuation of the WorkFirst  
10 evaluation conducted by the joint legislative audit and review  
11 committee.

12 ((+e)) (d) Report to the appropriate committees of the  
13 legislature, by December 1, ((1999)) 2000, how the new federal child  
14 support incentive system can be used to maximize federal incentive  
15 payments and to support the greatest achievement of WorkFirst program  
16 goals. In the event that the department earns federal child support  
17 incentive payments in excess of amounts budgeted, the department shall  
18 use one-half of those additional funds to offset general fund--state  
19 allotments and one-half of those additional funds to improve child  
20 support services. The department shall also work with the Washington  
21 state association of county clerks to identify ways to protect the  
22 confidentiality of social security numbers on court documents needed by  
23 the child support enforcement system while ensuring the reliability of  
24 this information without significantly increasing the cost to  
25 administer the child support system. The department shall report its  
26 recommendations for protecting the confidentiality of social security  
27 numbers to appropriate committees of the legislature by December 1,  
28 2000.

29 (e) Provide up to \$500,000 of the general fund--federal  
30 appropriation to the office of financial management for a study of rate  
31 setting methods and policy for subsidized child care, the best method  
32 for coordinating and consolidating child care and early education  
33 programs currently funded by state government, and for a review of the  
34 various state programs for low-income families with children. The  
35 child care rate study shall analyze the effects of rate setting policy  
36 on the affordability and quality of the overall child care market. The  
37 child care and early education program study shall evaluate how current  
38 programs may be coordinated and consolidated to provide the most  
39 efficient level of administration, grant funding, and increased

1 accessibility by families who are served by these programs. The study  
2 of state programs for low-income families shall compare and contrast  
3 eligibility and access to these programs and identify ways to  
4 coordinate or consolidate these programs to reduce administrative costs  
5 and improve access. The office shall submit a report to the department  
6 of social and health services and the appropriate committees of the  
7 legislature by December 1, 2000.

8 (f) Convene a working group that includes stakeholders and  
9 recipients of public assistance to establish basic customer service  
10 performance measures and goals. The customer service measures and  
11 goals will seek to make support for working families a priority.  
12 Customer service measures and goals may include, but are not limited  
13 to: Hours of operation that allow working families to get services  
14 without missing work, reduced wait times, systems for answering and  
15 returning phone calls in a timely manner, access to benefits that  
16 support work, access to job training and education, and, access to  
17 services for families with limited literacy or English skills, and  
18 families with special needs. The department shall report to the  
19 legislature by January 2001 the establishment of customer service  
20 measures and goals, and the departmental actions to assure the goals  
21 are being met.

22 (g) Use existing flexibility in federal and state welfare laws and  
23 regulations to support, on a limited basis, longer education and  
24 training plans that have a strong likelihood to lead to long-term  
25 economic independence for recipient.

26 (h) Provide up to \$1,400,000 of the general fund--federal  
27 appropriation for after-school care for middle school youth through  
28 programs such as those described in House Bill No. 2530 (after-school  
29 care).

30 (i) Provide up to \$2,710,000 of the general fund--federal  
31 appropriation for training and technical assistance for child care  
32 providers seeking training to enable them to competently serve children  
33 with special needs as described in House Bill No. 2869 (child care  
34 provider training).

35 (j) Provide \$230,000, or as much thereof as may be necessary, to  
36 the department of health to expand the vasectomy project to temporary  
37 assistance for needy families clients and their partners until such  
38 time as a federal family planning waiver is granted that will cover  
39 these services.

1 (k) Ensure that funds provided in this subsection to implement  
2 policies that disregard or exempt a portion of recipients' income are  
3 designed to achieve stated WorkFirst program goals and outcomes.  
4 Income disregards are effective incentives to help WorkFirst families  
5 move towards economic independence. Income disregard policy shall not  
6 discriminate based on who the specific employer is.

7 (2) ~~(( $\$50,860,000$ ))~~  $\$43,408,000$  of the general fund--state  
8 appropriation for fiscal year 2000 and ( ~~$\$50,825,000$~~ )  $\$43,386,000$  of  
9 the general fund--state appropriation for fiscal year 2001 are provided  
10 solely for cash assistance and other services to recipients in the  
11 general assistance--unemployable program. Within these amounts, the  
12 department may expend funds for services that assist recipients to  
13 reduce their dependence on public assistance, provided that  
14 expenditures for these services and cash assistance do not exceed funds  
15 provided. The department shall, by July 1, 2000, begin using federal  
16 funds provided in subsection (1) of this section, as allowed by federal  
17 rules, for the costs of providing income assistance to children with  
18 court-appointed guardians or court-appointed custodians.

19 (3) ~~(( $\$8,752,000$ ))~~  $\$5,444,000$  of the general fund--state  
20 appropriation for fiscal year 2000 and ( ~~$\$8,752,000$~~ )  $\$5,632,000$  of the  
21 general fund--state appropriation for fiscal year 2001 are provided  
22 solely for the food assistance program for legal immigrants. The level  
23 of benefits shall be equivalent to the benefits provided by the federal  
24 food stamp program.

25 (4) RCW 74.08A.280 permits the department to develop contracts for  
26 state-wide welfare-to-work services. Within amounts available in this  
27 section, the department shall provide progress reports on the use of  
28 such contracting to the fiscal committees of the legislature by January  
29 1, 2001. Each of these reports shall describe the number of current  
30 contracts for temporary assistance for needy families (TANF) or  
31 WorkFirst services that the department has with community social  
32 service providers and a description of the services being provided  
33 through each of those contracts.

34 (5) The legislature finds that, since the passage of the federal  
35 personal responsibility and work opportunity act in 1997, Washington's  
36 public assistance population has declined dramatically, and that the  
37 currently appropriated level for the temporary assistance for needy  
38 families program is sufficient for the 1999-01 biennium. The  
39 legislature further finds that federal funding for the temporary

1 assistance for needy families program may decrease after the current  
 2 five-year block grant has expired. The legislature declares that at  
 3 least \$60,000,000 of the year-end balance in the federal TANF grant  
 4 shall be held in reserve by the office of financial management at the  
 5 close of the 1999-01 biennium.

24 The appropriations in this section are subject to the following  
 25 conditions and limitations:

26 (1) \$1,960,000 of the general fund--state appropriation for fiscal  
 27 year 2000 and \$1,960,000 of the general fund--state appropriation for  
 28 fiscal year 2001 are provided solely for expansion of 50 drug and  
 29 alcohol treatment beds for persons committed under RCW 70.96A.140.  
 30 Patients meeting the commitment criteria of RCW 70.96A.140 but who  
 31 voluntarily agree to treatment in lieu of commitment shall also be  
 32 eligible for treatment in these additional treatment beds. The  
 33 department shall develop specific placement criteria for these expanded  
 34 treatment beds to ensure that this new treatment capacity is  
 35 prioritized for persons incapacitated as a result of chemical  
 36 dependency and who are also high utilizers of hospital services.

37 (2) \$18,000 of the general fund--state appropriation for fiscal  
 38 year 2000, \$88,000 of the general fund--state appropriation for fiscal

1 year 2001, and \$116,000 of the general fund--federal appropriation are  
2 provided solely for activities related to chemical dependency services  
3 under subsection 202(1) of this act. If that subsection is not enacted  
4 by June 30, 1999, the amounts provided in this subsection shall lapse.

5 (3) \$1,444,000 of the general fund--state appropriation for fiscal  
6 year 2000, \$1,484,000 of the general fund--state appropriation for  
7 fiscal year 2001, and \$330,000 of the general fund--federal  
8 appropriation are provided for implementation of Engrossed Substitute  
9 Senate Bill No. 5480 (drug-affected infants) or sections 1 through 17  
10 of Second Substitute House Bill No. 1574. If legislation expanding  
11 services to prevent drug-affected infants is not enacted by June 30,  
12 1999, the amounts provided in this subsection shall be provided solely  
13 for the development and implementation of comprehensive programs for  
14 alcohol and drug abusing mothers and their young children. The pilot  
15 programs shall be implemented in several locations, including at least  
16 one rural location. The pilot programs shall also be supported with  
17 TANF funds provided in section 208 of this act as a way to reduce  
18 prolonged dependency on public assistance for program participants.

19 (4) \$442,000 of the public safety and education account--state  
20 appropriation is provided solely for drug courts that have a net loss  
21 of federal grant funding from fiscal year 2000 to fiscal year 2001.  
22 The legislature finds that drug courts reduce criminal justice costs  
23 for both state and local governments. This appropriation is intended  
24 to cover approximately one-half of the lost federal funding. It is the  
25 intent of the legislature to provide state assistance to counties to  
26 cover a part of lost federal funding for drug courts for a maximum of  
27 three years.

28 **Sec. 210.** 1999 c 392 s 2 (uncodified) is amended to read as

8       The appropriations in this section are subject to the following  
9 conditions and limitations:

10       (1) The department shall continue to make use of the special  
11 eligibility category created for children through age 18 and in  
12 households with incomes below 200 percent of the federal poverty level  
13 made eligible for medicaid as of July 1, 1994.

14       (2) It is the intent of the legislature that Harborview medical

16 care system and that the state's financial interest in Harborview  
17 medical center be recognized.

18       (3) Funding is provided in this section for the adult dental

23 year 2000 and \$1,672,000 of the general fund--state appropriation for  
24 fiscal year 2001 are provided for treatment of low-income kidney  
25 dialysis patients.

26       (5) \$80,000 of the general fund--state appropriation for fiscal  
27 year 2000, \$80,000 of the general fund--state appropriation for fiscal  
28 year 2001, and \$160,000 of the general fund--federal appropriation are  
29 provided solely for the prenatal triage clearinghouse to provide access  
30 and outreach to reduce infant mortality.

31       (6) ~~((The department shall adopt a new formula for distributing  
32 funds under the low-income disproportionate share hospital (LI-DSH)  
33 program. Under this new formula, (a) the state's Level 1 trauma center

35 fiscal year 1999; and (b) a net profitability factor shall be included  
36 with other factors to determine LI-DSH payments. The net profitability  
37 factor shall inversely relate hospital percent net operating income to  
38 payment under the program.~~

1       ~~(7))~~) The department shall report to the fiscal committees of the  
2 legislature by September 15, 1999, and again by December 15, 1999, on

4 medicare part B premium payments upon which it is collecting medicaid  
5 matching funds; (b) the percentage of such premium payments for each  
6 month of service subsequent to June 1998 which have been paid with  
7 unmatched, state-only funds; and (c) why matching funds could not be  
8 collected on those payments.

9       ~~((8))~~) (7) The department shall report to the fiscal committees of  
10 the legislature by December 1, 1999, and again by October 1, 2000, on  
11 the amount which has been recovered from third-party payers as a result  
12 of its efforts to improve coordination of benefits on behalf of "basic  
13 health plan-plus" enrollees.

14       ~~((9))~~) (8) The department shall report to the health care and  
15 fiscal committees of the legislature by December 1, 1999, on options  
16 for controlling the growth in medicaid prescription drug expenditures  
17 through strategies such as but not limited to volume purchasing,  
18 selective contracting, supplemental drug discounts, and improved care  
19 coordination for high utilizers.

20       ~~((10))~~) (9) \$3,992,000 of the health services account  
21 appropriation and \$7,651,000 of the general fund--federal appropriation  
22 are provided solely for health insurance coverage for children with  
23 family incomes between 200 percent and 250 percent of the federal  
24 poverty level, as provided in Substitute Senate Bill No. 5416  
25 (children's health insurance program). If the bill is not enacted by  
26 June 30, 1999, these amounts shall lapse.

9 the medicare upper payment limit, are provided solely for supplemental  
10 payments to nursing homes operated by rural public hospital districts.  
11 Such payments shall be distributed among the participating rural public  
12 hospital districts proportional to the number of days of medicaid-  
13 funded nursing home care provided by each district during the preceding  
14 calendar year, relative to the total number of such days of care  
15 provided by all participating rural public hospital districts. Prior  
16 to making any supplemental payments, the department shall first obtain  
17 federal approval for such payments under the medicaid state plan. The  
18 payments shall further be conditioned upon (a) a contractual commitment  
19 by the association of public hospital districts and participating rural  
20 public hospital districts to make an intergovernmental transfer to the  
21 state treasurer, for deposit into the health services account, equal to  
22 at least ~~((82))~~ 87 percent of the total supplemental payment amounts  
23 received during the 1999-01 fiscal biennium; and (b) a contractual  
24 commitment by the participating districts to not allow expenditures  
25 covered by the supplemental payments to be used for medicaid nursing  
26 home rate-setting. The participating districts shall retain no more  
27 than a total of \$30,000,000 for the 1999-01 biennium.

28       (12) In determining financial eligibility for medicaid-funded  
29 services, the department is authorized to disregard recoveries by  
30 Holocaust survivors of insurance proceeds or other assets, as defined  
31 in RCW 48.104.030.

32       (13) \$1,529,000 of the general fund--state appropriation for fiscal  
33 year 2000, \$4,077,000 of the general fund--state appropriation for  
34 fiscal year 2001, and \$5,394,000 of the general fund--federal  
35 appropriation are provided solely for implementation of the settlement  
36 negotiated by the department and the attorney general in the case of  
37 Allenmore et al. vs. DSHS.

38       (14) From funds provided in this section, the department shall  
39 develop disease state management and therapeutic substitution programs

1 which will substantially maintain or enhance the quality of the drug  
2 benefit for medical assistance recipients, while controlling overall  
3 health care costs. In designing the disease state management programs,  
4 the department shall research programs which have proven effective with  
5 similar populations in other states, and shall then work with concerned  
6 provider and consumer groups to adapt those strategies to Washington's  
7 service delivery system. The department shall work with its drug  
8 utilization and education council to develop a therapeutic substitution  
9 program for at least two classes of drugs. Under the therapeutic  
10 substitution program, the council shall analyze pharmaco-economic  
11 research on the costs and benefits of all drugs within the class, and  
12 identify the most cost-effective drug or drugs within the class for  
13 placement on the formulary. Other drugs within the class shall be  
14 preauthorized when clinically indicated under criteria established by  
15 the council. The department shall report to appropriate committees of  
16 the legislature by December 1, 2000, prior to implementing its proposed  
17 strategies.

18 (15) \$14,848,000 of the health services account appropriation for  
19 fiscal year 2001 and \$15,269,000 of the general fund--federal  
20 appropriation are provided solely for additional disproportionate share  
21 hospital payments to public hospital districts. Such additional  
22 payments shall not be made prior to federal approval of a revision in  
23 the medicaid payment methodology for state teaching hospitals, and  
24 shall not exceed the increase in medicaid payments which results from  
25 that change. The payments shall further be conditioned upon a  
26 contractual commitment by the participating public hospital districts  
27 to make an intergovernmental transfer to the health services account  
28 equal to at least 77 percent of the additional disproportionate share  
29 payment. The participating districts shall retain no more than  
30 \$7,000,000 of the additional disproportionate share payment. At least  
31 28 percent of the amounts retained by the participating hospital  
32 districts shall be allocated to the state teaching hospitals.

33 (16)(a) \$49,000 of the general fund--state appropriation for fiscal  
34 year 2001 and \$49,000 of the general fund--federal appropriation for  
35 fiscal year 2001 are provided solely for the medical assistance  
36 administration and the health care authority to jointly conduct a  
37 state-wide study to:

38 (i) Determine payment sources and rates paid for primary health  
39 care providers performing outpatient primary care services and primary

1 care in hospital emergency rooms for the state's medical assistance  
2 programs, including healthy options, and the basic health plan. To  
3 determine payment sources and rates paid, the agencies may seek  
4 information in relation to such factors as:

5 (A) The rates paid to primary care providers for their medical  
6 assistance programs, including healthy options, and basic health plan  
7 contracts; and

8 (B) How these rates compare with nonpublic pay clients for the same  
9 services.

10 The agencies are authorized to attain this information from health  
11 plans or providers. The agencies shall maintain the confidentiality of  
12 data collected for the purpose of the study;

13 (ii) Determine which primary care providers serve a relatively high  
14 number of low-income clients, and how that affects their medical  
15 practice. For purposes of the study, "primary care providers" includes  
16 pediatricians, family practitioners, general practitioners, internists,  
17 physician assistants, and advanced registered nurse practitioners; and

18 (iii) Develop proposals to support these providers' medical  
19 practices. The agencies must determine what constitutes a relatively  
20 high percentage of low-income clients for individual primary care  
21 providers who contract for medical assistance administration programs,  
22 including healthy options, and the basic health plan, and recommend  
23 whether and at what point this disproportionately high percentage  
24 should result in additional compensation to the primary care provider.  
25 The agencies shall recommend a method to calculate a payment adjustment  
26 designed to help support medical practices, according to the study's  
27 findings.

28 (b) In conducting the study, the agencies shall determine which  
29 regions of the state to include in the study, based on factors the  
30 agencies determine will provide the most representative data state-  
31 wide. The agencies shall also consult with interested parties,  
32 including any organization or agency affected by this subsection,  
33 throughout the course of the study.

34 (c) The agencies shall report to the legislature by December 1,  
35 2000, with the results of the primary health care provider study. The  
36 report shall include recommendations on: (i) What constitutes a  
37 disproportionately high percentage of low-income clients; (ii) possible  
38 payment adjustments for these providers; (iii) methods to implement

1 such a rate adjustment; and (iv) what such a payment adjusted program  
2 will cost.

3 (17) From funds appropriated in this section, the medical  
4 assistance program shall assist the Washington state institute for  
5 public policy with the assessment of options for expanding medicaid  
6 eligibility required in section 607 of this 2000 act. Such assistance  
7 shall include analysis of medicaid enrollment and expenditure data  
8 needed for enrollment and cost projections; information and advice on  
9 state and federal medicaid requirements; and liaison with state and  
10 federal officials in other states undertaking similar expansions.

11 (18) \$290,000 of the general fund--state appropriation for fiscal  
12 year 2001 is provided solely for implementation of the asset exemption  
13 provisions of House Bill No. 2686. If these provisions are not enacted  
14 by June 30, 2000, the amount provided in this subsection shall lapse.

15 **Sec. 211.** 1999 c 309 s 211 (uncodified) is amended to read as  
16 follows:

17 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--VOCATIONAL**

30 (1) The division of vocational rehabilitation shall negotiate  
31 cooperative interagency agreements with state and local organizations  
32 to improve and expand employment opportunities for people with severe  
33 disabilities served by those organizations.

34 (2) \$190,000 of the general fund--state appropriation for fiscal  
35 year 2000, \$240,000 of the general fund--state appropriation for fiscal  
36 year 2001, and \$1,590,000 of the general fund--federal appropriation

1 individuals enrolled for services with the developmental disabilities

16 The appropriations in this section are subject to the following  
17 conditions and limitations:

18 (1) Funding is provided for the incremental cost of lease renewals  
19 and for the temporary increased costs for relocating staff out of state  
20 office building no. 2 (OB2) during the renovation of that building. Of  
21 this increase, \$2,400,000 is provided for relocating staff. This  
22 amount is recognized as one-time-only funding for the 1999-01 biennium.  
23 As part of the 2001-2003 budget request, the department shall update  
24 the estimate of increased cost for relocating staff, including  
25 specifying what portion of that increase is due to providing more  
26 square footage per FTE in the new leased space compared to the space  
27 occupied previously.

1 (2) A maximum of (~~(\$1,475,000)~~) \$1,473,000 may be expended for  
2 regional transportation coordinators and related activities. The

6 district.

7 (3) \$10,000 of the fiscal year 2000 appropriation and \$10,000 of  
8 the fiscal year 2001 appropriation are provided solely for the

15	TOTAL APPROPRIATION . . . . . \$	((933,656,000))
16		<u>944,160,000</u>

17 The appropriations in this section are subject to the following  
18 conditions and limitations:

19 (1) Funding for special education programs is provided on an excess  
20 cost basis, pursuant to RCW 28A.150.390. School districts shall  
21 ensure, to the greatest extent possible, that special education  
22 students receive their appropriate share of the general apportionment  
23 allocation accruing through sections 502 and 504 of this act. To the  
24 extent a school district cannot provide an appropriate education for  
25 special education students under chapter 28A.155 RCW through the  
26 general apportionment allocation, it shall provide services through the  
27 special education allocation funded in this section.

28 (2) Each general fund--state fiscal year appropriation includes  
29 such funds as are necessary to complete the school year ending in the  
30 fiscal year and for prior fiscal year adjustments.

31 ((+2)) (3) The superintendent of public instruction shall  
32 distribute state funds to school districts based on two categories:  
33 The optional birth through age two program for special education  
34 eligible developmentally delayed infants and toddlers, and the  
35 mandatory special education program for special education eligible  
36 students ages three to twenty-one. A "special education eligible  
37 student" means a student receiving specially designed instruction in  
38 accordance with a properly formulated individualized education program.

1       (~~(3)~~) (4) For the 1999-00 and 2000-01 school years, the  
2 superintendent shall distribute state funds to each district based on  
3 the sum of:

4       (a) A district's annual average headcount enrollment of  
5 developmentally delayed infants and toddlers ages birth through two,  
6 multiplied by the district's average basic education allocation per  
7 full-time equivalent student, multiplied by 1.15; and

8       (b) A district's annual average full-time equivalent basic  
9 education enrollment multiplied by the funded enrollment percent  
10 determined pursuant to subsection (~~(4)(e)~~) (5)(c) of this section,  
11 multiplied by the district's average basic education allocation per  
12 full-time equivalent student multiplied by 0.9309.

13       (~~(4)~~) (5) The definitions in this subsection apply throughout  
14 this section.

15       (a) "Average basic education allocation per full-time equivalent  
16 student" for a district shall be based on the staffing ratios required  
17 by RCW 28A.150.260 and shall not include enhancements, secondary  
18 vocational education, or small schools.

19       (b) "Annual average full-time equivalent basic education  
20 enrollment" means the resident enrollment including students enrolled  
21 through choice (RCW 28A.225.225) and students from nonhigh districts  
22 (RCW 28A.225.210) and excluding students residing in another district  
23 enrolled as part of an interdistrict cooperative program (RCW  
24 28A.225.250).

25       (c) "Enrollment percent" means the district's resident special  
26 education annual average enrollment including those students counted  
27 under the special education demonstration projects, excluding the birth  
28 through age two enrollment, as a percent of the district's annual  
29 average full-time equivalent basic education enrollment. For the 1999-  
30 00 and the 2000-01 school years, each district's funded enrollment  
31 percent shall be the lesser of the district's actual enrollment percent  
32 for the school year for which the allocation is being determined or  
33 12.7 percent.

34       (~~(5)~~) (6) At the request of any interdistrict cooperative of at  
35 least 15 districts in which all excess cost services for special  
36 education students of the districts are provided by the cooperative,  
37 the maximum enrollment percent shall be 12.7, and shall be calculated  
38 in the aggregate rather than individual district units. For purposes  
39 of this subsection, the average basic education allocation per full-

1 time equivalent student shall be calculated in the aggregate rather  
2 than individual district units.

3 ~~((+6+))~~ (7) A maximum of \$12,000,000 of the general fund--state  
4 appropriation for fiscal year 2000 and a maximum of \$12,000,000 of the  
5 general fund--state appropriation for fiscal year 2001 are provided as  
6 safety net funding for districts with demonstrated needs for state  
7 special education funding beyond the amounts provided in subsection  
8 ~~((+3+))~~ (4) of this section. Safety net funding shall be awarded by  
9 the state safety net oversight committee.

10 (a) The safety net oversight committee shall first consider the  
11 needs of districts adversely affected by the 1995 change in the special  
12 education funding formula. Awards shall be based on the amount  
13 required to maintain the 1994-95 state special education excess cost  
14 allocation to the school district in aggregate or on a dollar per  
15 funded student basis.

16 (b) The committee shall then consider unusual needs of districts  
17 due to a special education population which differs significantly from  
18 the assumptions of the state funding formula. Awards shall be made to  
19 districts that convincingly demonstrate need due to the concentration  
20 and/or severity of disabilities in the district. Differences in  
21 program costs attributable to district philosophy or service delivery  
22 style are not a basis for safety net awards.

23 (c) The maximum allowable indirect cost for calculating safety net  
24 eligibility may not exceed the federal restricted indirect cost rate  
25 for the district plus one percent.

26 (d) Safety net awards shall be adjusted based on the percent of  
27 potential medicaid eligible students billed as calculated by the  
28 superintendent in accordance with Substitute Senate Bill No. 5626  
29 (medicaid payments to schools).

30 (e) Safety net awards must be adjusted for any audit findings or  
31 exceptions related to special education funding.

32 (f) The superintendent may expend up to \$100,000 per year of the  
33 amounts provided in this subsection to provide staff assistance to the  
34 committee in analyzing applications for safety net funds received by  
35 the committee.

36 ~~((+7+))~~ (8) The superintendent of public instruction may adopt such  
37 rules and procedures as are necessary to administer the special  
38 education funding and safety net award process. Prior to revising any  
39 standards, procedures, or rules, the superintendent shall consult with

1 the office of financial management and the fiscal committees of the  
2 legislature.

3 ~~((+8))~~ (9) The safety net oversight committee appointed by the  
4 superintendent of public instruction shall consist of:

5 (a) Staff of the office of superintendent of public instruction;

6 (b) Staff of the office of the state auditor;

7 (c) Staff of the office of the financial management; and

8 (d) One or more representatives from school districts or  
9 educational service districts knowledgeable of special education  
10 programs and funding.

11 ~~((+9) A maximum of)~~ (10) To the extent necessary, \$5,500,000 of  
12 the general fund--federal appropriation shall be expended for safety  
13 net funding to meet the extraordinary needs of one or more individual  
14 special education students. If safety net awards to meet the  
15 extraordinary needs of one or more individual special education  
16 students exceed \$5,500,000 of the general fund--federal appropriation,  
17 the superintendent shall expend all available federal discretionary  
18 funds necessary to meet this need. General fund--state funds shall not  
19 be expended for this purpose.

20 ~~((+10))~~ (11) A maximum of \$678,000 may be expended from the  
21 general fund--state appropriations to fund 5.43 full-time equivalent  
22 teachers and 2.1 full-time equivalent aides at children's orthopedic  
23 hospital and medical center. This amount is in lieu of money provided  
24 through the home and hospital allocation and the special education  
25 program.

26 ~~((+11))~~ (12) A maximum of \$1,000,000 of the general fund--federal  
27 appropriation is provided for projects to provide special education  
28 students with appropriate job and independent living skills, including  
29 work experience where possible, to facilitate their successful  
30 transition out of the public school system. The funds provided by this  
31 subsection shall be from federal discretionary grants.

32 ~~((+12))~~ (13) A school district may carry over from one year to the  
33 next year up to 10 percent of general fund--state funds allocated under  
34 this program; however, carry over funds shall be expended in the  
35 special education program.

36 ~~((+13))~~ (14) The superintendent shall maintain the percentage of  
37 federal flow-through to school districts at 85 percent. In addition to  
38 other purposes, school districts may use increased federal funds for  
39 high-cost students, for purchasing regional special education services

1 from educational service districts, and for staff development  
2 activities particularly relating to inclusion issues.

3 ((~~14~~)) (15) A maximum of \$1,200,000 of the general fund--federal  
4 appropriation may be expended by the superintendent for projects  
5 related to use of inclusion strategies by school districts for  
6 provision of special education services. The superintendent shall  
7 prepare an information database on laws, best practices, examples of  
8 programs, and recommended resources. The information may be  
9 disseminated in a variety of ways, including workshops and other staff  
10 development activities.

1 (1) ((~~\$143,000~~)) \$268,000 of the general fund--state appropriation

13 and prior claim and lien against the account for the payment of  
14 principal and interest. No sums for the above purposes shall be  
15 withdrawn or paid out of the account except upon approval of the  
16 department.

28 The state building construction account appropriation in this  
29 section is subject to the following conditions and limitations:

30 (1) The total appropriation is provided to the department solely to  
31 transfer from trust status or enter into thirty-year timber harvest  
32 restrictive easements for certain trust lands of state-wide  
33 significance deemed appropriate for state park, fish and wildlife  
34 habitat, natural area preserve, natural resources conservation area,  
35 open space, or recreation purposes.

1 (2) Property transferred under this section shall be appraised and  
2 transferred at fair market value. The value of the timber transferred  
3 shall be deposited by the department to the common school construction  
4 account in the same manner as timber revenues from other common school  
5 trust lands. No deduction shall be made for the resource management  
6 cost account under RCW 79.64.040. The value of the land transferred  
7 shall be deposited in the natural resources real property replacement  
8 account. These funds shall be expended by the department for the  
9 exclusive purpose of acquiring real property of equal value to be  
10 managed as common school trust land.

11 (3) Property subject to easement agreements under this section  
12 shall be appraised at fair market value both with and without the  
13 imposition of the easement. The entire difference in appraised value  
14 shall be deposited by the department to the common school construction  
15 fund in the same manner as lease revenues from other common school  
16 trust lands. No deduction shall be made for the resource management  
17 cost account under RCW 79.64.040.

18 (4) ~~((All))~~ Up to \$1,000,000 of the appropriation in this section  
19 may be used for reasonable costs incurred by the department to  
20 implement this section ~~((are authorized to be paid out of this~~  
21 ~~appropriation))~~. Authorized costs include the actual cost of  
22 appraisals, staff time, environmental reviews, surveys, and other  
23 similar costs.

24 (5) Intergrant exchanges between common school and other trust  
25 lands of equal value may occur if the exchange is in the interest of  
26 each trust, as determined by the board of natural resources.

27 (6) Prior to or concurrent with conveyance of these properties, the  
28 department, with full cooperation of the receiving agencies, shall  
29 execute and record a real property instrument that dedicates the  
30 transferred properties to the purposes identified in subsection (1) of  
31 this section for a minimum period of thirty years. The department of  
32 natural resources, in consultation with the receiving state agencies,  
33 shall develop policy to address requests to replace transferred  
34 properties subject to the recorded property instrument that are no  
35 longer deemed appropriate for the purposes identified in subsection (1)  
36 of this section.

37 (7) The department and receiving agencies shall work in good faith  
38 to carry out the intent of this section. However, the department or  
39 receiving agencies may remove a property from the transfer list in

1 subsection (8) of this section if, based on new, substantive  
2 information, it is determined that transfer of the property is not in  
3 the state-wide interest of either the common school trust or the  
4 receiving agency.

5 (8) The appropriation in this section is provided to execute  
6 transfers or easements for the list of properties identified in LEAP  
7 capital document No. (~~99-3, as developed on April 8, 1999~~) 2000 T-1,  
8 as developed on February 29, 2000, as follows: Projects in category A  
9 shall be transferred; to the extent that local funding is provided for  
10 the land value of the property, projects in category B shall be  
11 transferred; and projects in category C and remaining projects in  
12 category B may be transferred or leased as funding allows.

13 (9) The department shall execute trust land transfers and easements  
14 such that (~~90~~), subsequent to the deduction for administrative costs,  
15 85 percent of the appropriation in this section is deposited in the  
16 common school construction fund. To achieve the (~~90:10~~) 85:15 ratio,  
17 the department may offset transfers of property with low timber-to-land  
18 ratios with easements on other properties.

19 (10) On June 30, 2001, the state treasurer shall transfer all  
20 remaining uncommitted funds from this appropriation to the common  
21 school construction fund and the appropriation in this section shall be
